SKILLS

- Skill in drafting technology.
- Understand Vray rendering program
- Knowledge in:
 - AutoCAD
 - AutoCAD Revit
 - Lumion
 - Photoshop
 - InDesign
 - Sketchup
 - MS Office
 - Planswift
 - Primavera P6

EDUCATION

Manggahan Elementary School
June 1999 – March 2005

Manggahan High School
June 2005 – March 2009

Technological Institute of the Philippines - QC
June 2009 – March 2011
Bachelor of Science in Civil Engineering – *Undergraduate*

June 2012 – March 2013
Drafting Technology TDNCII – *Vocational*

April 2013 – October 2017
Bachelor of Science in Architecture - *Graduate*

WORK EXPERIENCE

WCY Architects Design and Development Consultants
[Junior Designer]
April 2018–January 2021

As part of the design team, I was tasked with the production of technical drawings with the supervision of our Senior Architect. I also coordinate with consultants in the design of our projects in the Design Development phase up to the Construction phase. Coordinating with consultants with RFA's and RFI's, including producing 3D Models for client presentations.

LBLV & Associates Inc.
[Project Architect]
April 2022–Present

As part of the design team, I was tasked with the production of technical drawings with the supervision of our Senior Associate Designer. I also coordinate with consultants in the design of our projects. Coordinating with consultants, producing 3D Models and Material Boards for client presentations.

OJT/PRACTICUM/INTERNSHIP

Megawide Construction Corporation (On-the-Job Trainee)

July 2016 – September 2016

I have worked in MCC and learned to communicate with my colleagues and experience real work scenarios. I've learned the basics of design management of projects. Managing and Listing Architectural Scope Matrix and Material Checklist for Estimates, Bidding, Specifications, Construction and As-Built Plans. I revise Construction Plans for Shop Drawings. I have organized Construction Plans for listing and auditing. I've also worked with scanners and printers for large size projects.

DESIGN PROJECT COMPLETED/ RESEARCH

Pasig-P.S.C.A.M. 911 Center; Public Safety Communication And Management

A Proposed Localized Public Safety Answering Point for Emergency Response and Disaster Management located at Brgy. San Miguel, Pasig City

TRAINING/S & SEMINAR/S

- **Construction Occupational Safety and Health (COSH)**
Via Zoom Webinar-Online Conference
Nov 8-12, 2021
- **ArkitekTURO : A Spatial Education on Disaster**
GT Toyota Auditorium, UP Diliman
Nov 13, 2015
- **DIWA ng LUNAN: an Architectural heritage conservation primer**
TIP-QC Career Center Seminar room, QC
Jan 05, 2015

KNOWLEDGE, SKILLS AND ATTITUDE

Having Graduated from TIP with its orientation towards outcome-based education, I have acquired and can demonstrate the following student acquire outcomes (knowledge, skills and attitudes) necessary to the practice of the design profession:

- Analyze design problems and define constraints in architecture and site planning.
- Adapt to new ways and techniques in working.
- Manage projects with little supervision.
- Understand professional, ethical responsibilities relevant to Architecture profession.
- Keen in preparation of working drawings and fieldwork.

After 40-hour training and seminar in Construction Occupational Safety and Health, I have acquired knowledge and understanding on protection and prevention from Hazards in construction:

- Inspect and Analyze safety and health hazards in construction site.
- Provide safety controls in pre and post construction.
- Investigate accident/incident in site for company documentation as well as DOLE mandated procedures in Occupational Safety and Health protocols.
- Assist Safety and Health Committee in crafting and implementing safety and health protocols in construction site.
- Assist supervisor in creating Job Safety Analysis prior to project work on site.
